

APPLICATION:

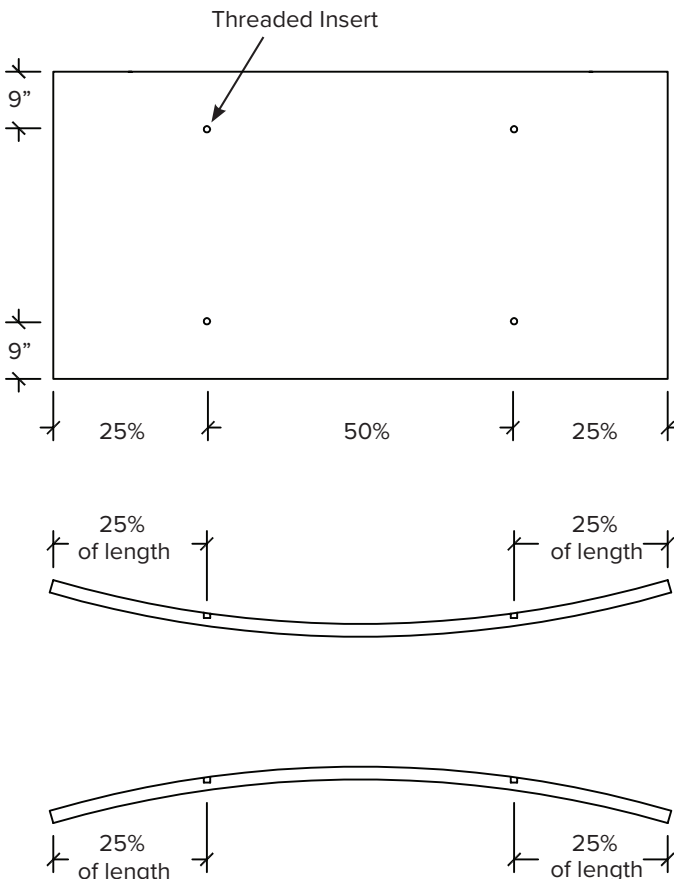

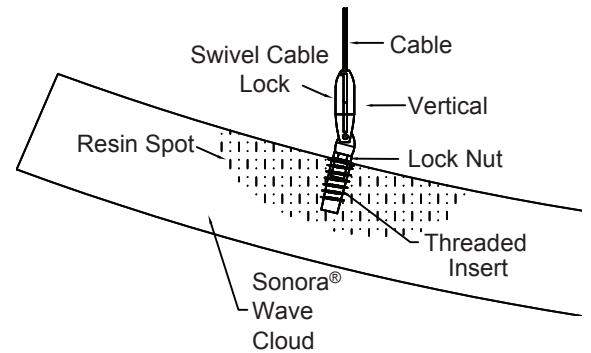

Mounting Sonora[®] Wave Clouds to a ceiling using a threaded insert, swivel cable lock and cable.

DESCRIPTION:

This installation technique uses a threaded insert set in place on the back of the Sonora[®] Wave Cloud. A swivel cable lock is screwed into the threads. **DO NOT OVER-TIGHTEN.** Installation is as follows:

1. Screw the swivel cable lock into the threaded insert.
2. Confirm the swivel is in the vertical position when tightened.
3. Insert blank cable into swivel cable lock. Confirm that it is locked.
4. Attach cable to ceiling structure above using appropriate fasteners

Mounting Detail
